

Field Definitions
For Fields in both Escrow License Data File and Active License Data File

Field Name	Description
County ID	A number 01 through 83. Refer to the County numbering sheet for corresponding County Names (available from the main liquor lists table).
Local Governmental Unit	Name of the Governmental Unit which has jurisdiction over the licensed premises.
Business ID	A number used by the Liquor Commission to identify this license's data in the database with a maximum of 10 digits.
Tax ID	A federally issued number used to track tax information.
Business Street	The street location of the licensed premises.
Business City	The city address of the licensed premises.
Business Zip Code	The zip code of the licensed premises.
Business Phone	The telephone number of the licensed premises.
Additional Bars	The number of additional bars on the licensed premises.
Most Alpha Licensee	The licensee whose name appears first in alphabetical sequence when there is more than one licensee.
DBA	"Doing Business As" the name of the licensed premises as known to the public.
Permits	Additional Permits held by the licensed establishment, such as entertainment or dance.
MCL Act Number	The statute under which the license was issued.
Transferable Status	N = No, the license is not transferable, Y = Yes, the license is transferable
License Data – License Type and Number	This is a 2 digit number with a dash followed by a number up to 6 digits. The 2 digit number (see table below) designates the license type such as a Class C or Specially Designated Distributor. The remaining digits, up to 6, designate the license number.
License Year	This is the last year the license was active.
