Ameritech has arranged for a conference bridge for this
Friday's
conference call on Performance Measures. The call-in
information is as
follows:

Number: 800 708-4543
Code: 5973482

The purpose for this call is to review the work of the two
subteams
regarding Average Completion Notice Interval (vs. Installation
Notice)
and the Average FOC Notice Interval.

Assuming that we have closure on these two issues, we will
discuss how
best to proceed before the commission with our recommendations
as they
exist to date.

Please call if you have any questions.

J. Kern
