

Alternative Technology Workgroup - SmartGrid Team Reference Document Links – Jun 26, 2006

Emailed noted from SmartGrid Team leader, Steve Paytash (MPSC Staff) to SmartGrid Team members on 6/26/06 and cut and pasted in italics below:

I now have the responsibility of leading the SmartGrid Team effort. Welcome to all of the new team members. I have spent the last few days updating my distribution list and trying summarize the team effort to this point. To assist me, I have assembled a summary document which itemizes some of the relevant milestone documents presented to this point. This summary is a great help to me and I hope it will assist others, particularly our newcomers. If you have corrections or comments please contact me. Thanks. Steve Paytash

21st Century Energy Plan Website:

<http://www.dleg.state.mi.us/mpsc/electric/capacity/energyplan>

Note: The website includes buttons at the top of the page for links to pages for the various subgroups as well as the calendar page. The calendar page includes a history of past meetings as well as future scheduled meetings. Also, for the benefit of those not able to attend meetings in person, the following conference information shown below should apply. If there is a change in the required conference information, it will be posted with the meeting agenda on the website.
