EO Collaborative  
Low-Income Workgroup  
Steering Committee Update  
April 29, 2010

Since the January 2010 update, the Low-Income Workgroup has advanced these issues:

- Communication opened with the Michigan Department of Human Services about the prohibition contained in their State Plan against using Low-Income Energy Efficiency Funds (LIEEF) to pay third party utility bills.
- Demonstration of informational videos produced by Consumers Energy with conversation about possible uses in EO programs.
- Future potential study and the need to determine low-income deliverables so as to better define the low-income population and effectively target education and outreach programs.
