Case No. U-12282

At the May 3, 2000 meeting of the Michigan Public Service Commission in Lansing,
Michigan.

PRESENT: Hon. John G. Strand, Chairman

Hon. Robert B. Nelson, Commissioner

OPINION AND ORDER

On January 20, 2000, @Link Networks, Inc., (@Link) and Ameritech Michigan filed a joint application for approval of an interconnection agreement dated January 20, 2000. On April 13, 2000, the parties filed an amendment. The agreement results from the decision of @Link to adopt the terms and conditions of the interconnection agreement between Frontier Telemanagement, Inc., and Ameritech Michigan, which was approved on May 27, 1999 in Case No. U-11962. The agreement has an initial term that expires on November 13, 2001, and establishes comprehensive financial and operational terms for the physical interconnection between @Link's and Ameritech Michigan's networks, mutual and reciprocal compensation for exchange of traffic originated on their respective networks, unbundled access to Ameritech Michigan's network elements, physical

collocation, number portability, resale, access to databases, and a variety of other business relationships.

Section 252 of the federal Telecommunications Act of 1996, 47 USC 252, requires that any interconnection agreement that is adopted by negotiation be submitted to the Commission for approval. 47 USC 252(e) provides in part:

- (2) The State commission may only reject
 - (A) an agreement (or any portion thereof) adopted by negotiation under subsection (a) of this section if it finds that--
 - (i) the agreement (or portion thereof) discriminates against a telecommunications carrier not a party to the agreement; or
 - (ii) the implementation of such agreement or portion is not consistent with the public interest, convenience, and necessity;

- (3) Notwithstanding paragraph (2), but subject to section 253 of this title, nothing in this section shall prohibit a State commission from establishing or enforcing other requirements of State law in its review of an agreement, including requiring compliance with intrastate telecommunications service quality standards or requirements.

47 USC 252(e)(2) and (3).

The Commission concludes, after reviewing the application, agreement, and amendment, that it should approve the interconnection agreement and amendment. The Commission finds that the agreement as amended is consistent with federal and state law and is in the public interest. Under 47 USC 252(i) and MCL 484.2359(2); MSA 22.1469(359)(2), the services provided under this agreement must be made available to other telecommunications carriers upon the same terms and conditions.

The Commission FINDS that:

- a. Jurisdiction is pursuant to 1991 PA 179, as amended, MCL 484.2101 et seq.; MSA 22.1469(101) et seq.; the Communications Act of 1934, as amended by the Telecommunications Act of 1996, 47 USC 151 et seq.; 1969 PA 306, as amended, MCL 24.201 et seq.;

MSA 3.560(101) et seq.; and the Commission's Rules of Practice and Procedure, as amended, 1992 AACRS, R 460.17101 et seq.

b. The interconnection agreement as amended should be approved.

THEREFORE, IT IS ORDERED that:

A. The interconnection agreement as amended between @Link Networks, Inc., and Ameritech Michigan is approved.

B. Approval of the agreement does not alter the duty of @Link Network, Inc., and Ameritech Michigan to comply with relevant federal and state law and past and future Commission orders and rules.

The Commission reserves jurisdiction and may issue further orders as necessary.
