Case No. U-13520

At the November 25, 2002 meeting of the Michigan Public Service Commission in Lansing,  
Michigan.

PRESENT: Hon. David A. Svanda, Commissioner  
Hon. Robert B. Nelson, Commissioner

**OPINION AND ORDER**

On August 28, 2002, Comcast Telecommunications of Michigan, LLC, (Comcast) filed an application, pursuant to the Michigan Telecommunications Act (MTA), MCL 484.2101 et seq., to amend its license to provide basic local exchange service.

Comcast served a notice of opportunity to comment on other local exchange carriers. No comments were filed with the Commission.

The Commission finds that approval of Comcast's application is in the public interest. The expansion of the license is conditioned on compliance with the anti-slamming procedures adopted in Case No. U-11900, the number portability provisions of the MTA, and the number reclamation process adopted in Case No. U-12703. Failure to comply fully with those procedures may result in revocation of the license or other penalties. Further, the expansion of

the license is conditioned upon the provision of service to customers in the added exchanges within a reasonable time. Failure to do so may result in revocation of the license.

The Commission FINDS that:

- a. Jurisdiction is pursuant to 1991 PA 179, as amended, MCL 484.2101 et seq.; 1969 PA 306, as amended, MCL 24.201 et seq.; and the Commission's Rules of Practice and Procedure, as amended, 1992 AACS, R 460.17101 et seq.
- b. Amending Comcast's license to provide basic local exchange service is in the public interest.

THEREFORE, IT IS ORDERED that:
