Case No. U-13691

**ERRATUM**

On September 8, 2005, the Commission issued an order in Case No. U-13691 for authority to implement an initial default tariffed rate for the provision of steam service in Detroit, Michigan.

An incorrect amount of \$18.54 set forth in the second sentence of the final paragraph on page 60 should have been \$18.12. The corrected sentence reads:

“Commencing immediately upon issuance of this order, Detroit Thermal shall be authorized to increase its default rate of \$18.12 per Mlb by \$1.65 per Mlb, which is the difference between Mich Con’s September 2005 GCR factor of \$8.54 per Mcf and the gas costs included in Detroit Thermal’s base rates of \$6.62 per Mcf times the factor of 0.857.”
