OPINION AND ORDER

In its October 24, 2000 order, the Commission authorized Consumers Energy Company (Consumers) to securitize up to \$468,592,000 of regulatory assets and other qualified costs. Among other issues addressed by the order, the Commission concluded that there must be periodic true-ups of the securitization bond and tax charges to ensure that the amounts collected are sufficient to service the securitization bonds and to recover the associated tax liability. The Commission stated:

The record clearly shows that not only are periodic securitization and tax charge true-ups necessary, but (to provide the certainty needed to obtain a AAA bond rating) they need to be undertaken in a way that allows for their swift and certain resolution. For this reason, the Commission finds that Consumers' proposal should be approved, but with two relatively minor changes. First, based on recent indications by the utility that annual true-ups would be sufficient until one year prior to the bonds' final maturity date (See, Consumers' initial brief, p. 9), the utility should be limited to undertaking no more than one routine true-up per year until the final year that securitization is in place. Moreover, during that final year,

true-ups shall be limited to no more than one per quarter. Second, Consumers should initiate each routine true-up by filing an application that (1) explains the basis for its proposed revision of the securitization and tax charges, (2) shows the computation of its revised charges, and (3) seeks Commission approval--on an expedited basis--of those new charges before they can be implemented. All proceedings must be completed and a final Commission order regarding the utility's request for a routine true-up must be issued within 45 days after Consumers files its application.

October 24, 2000 order, Case No. U-12505, p. 49 (footnote omitted).

On October 15, 2008, Consumers filed its seventh annual routine true-up adjustment report. Consumers requested an increase in its bond principal and interest securitization surcharge from \$0.001269 per kilowatt-hour (kWh) to \$0.001358 per kWh for the 12-month period beginning December 1, 2008. Consumers also requested an increase in the tax surcharge for the same period from \$0.000535 per kWh to \$0.000611 per kWh.

The Commission Staff (Staff) reviewed the proposed adjustments and concluded that the adjustments were routine, the calculations were accurate, and the proposed adjustments conform to the method approved by the Commission. The Staff thus recommended that the Commission approve the true-up adjustments to take effect December 1, 2008.

After considering Consumers' filing and the Staff's review, the Commission agrees that the proposed adjustments are routine, the calculations are accurate, and the proposed adjustments conform to the approved method. Consumers should therefore be authorized to implement the adjustments as of December 1, 2008.

THEREFORE, IT IS ORDERED that, as of December 1, 2008, Consumers Energy Company is authorized to increase the bond principal and interest securitization surcharge from 1.269 mills per kilowatt-hour to 1.358 mills per kilowatt-hour and to increase the tax surcharge from 0.535 mills per kilowatt-hour to 0.611 mills per kilowatt-hour.

The Commission reserves jurisdiction and may issue further orders as necessary.

Any party desiring to appeal this order must do so in the appropriate court within 30 days after issuance and notice of this order, under MCL 462.26.
