ORDER APPROVING SETTLEMENT AGREEMENT

On June 27, 2008, Northern States Power Company, a Wisconsin corporation and wholly-owned subsidiary of Xcel Energy, Inc. (NSP-W), filed an application, with supporting testimony and exhibits, requesting approval of its gas cost recovery (GCR) reconciliation for the 12-month period ended March 31, 2008.

A prehearing conference was held on September 10, 2008, before Administrative Law Judge Mark D. Eyster. NSP-W and the Commission Staff participated in the proceedings. Subsequently, the parties submitted a settlement agreement resolving all the issues in this case.

According to the settlement agreement, attached as Exhibit A, the parties agree that, during the period ended March 31, 2008, NSP-W overrecovered \$120,239 inclusive of interest of \$40,434 from its Michigan gas customers, which also reflected the roll-in of the net overrecovery of

\$356,077 from the previous GCR reconciliation. The parties agree that NSP-W will roll-in the net overrecovered amount of \$120,239 into NSP-W's current 2008-2009 GCR plan according to the method authorized by the Commission in Case No. U-10491-R.

The Commission finds that the settlement agreement is reasonable, in the public interest, and should be approved.

THEREFORE, IT IS ORDERED that:

A. The settlement agreement, attached as Exhibit A, is approved.

B. Northern States Power Company, a Wisconsin corporation and wholly-owned subsidiary of Xcel Energy, Inc., shall roll-in the total overrecovered amount of \$120,239 into its 2008-2009 gas cost recovery plan pursuant to the method authorized by the Commission in Case No. U-10491-R.

The Commission reserves jurisdiction and may issue further orders as necessary.

Any party desiring to appeal this order must do so in the appropriate court within 30 days after issuance and notice of this order, pursuant to MCL 462.26.

In the matter of the application of)

the 12-month period ending March 31, 2008.)

SETTLEMENT AGREEMENT

Pursuant to MCL 24.278 and Rule 333 of the Rules of Practice and Procedure before the Michigan Public Service Commission (“MPSC” or “Commission”), Northern States Power Company, a Wisconsin corporation and a wholly owned subsidiary of Xcel Energy, Inc., (“NSP-W” or the “Company”) and the MPSC Staff (“Staff”) agree as follows:

1. On June 27, 2008, NSP-W filed with the Commission its Application, along with the testimony and exhibits of its witness, Donald R. Dahl, to reconcile, under the provisions of 1982 PA 304, its gas costs and revenues collected for the 12-month period ending March 31, 2008, and to roll-in to its current Gas Cost Recovery (“GCR”) plan a total GCR over-recovery and interest.
2. On August 14, 2008, the Commission’s Executive Secretary issued its Notice of Hearing, directing NSP-W to mail a copy of the Notice of Hearing to all cities, incorporated villages, townships and counties in its Michigan gas service area and to any intervenors in Case Nos. U-14719-R and U-15455. The Commission further directed

NSP-W to publish the Notice of Hearing in daily newspapers of general circulation throughout its Michigan gas service area. Complying with the August 14, 2008 directives, NSP-W filed the requisite Affidavit of Mailing and Proof of Publication with the Commission on August 19, 2008.

3. At the September 10, 2008 prehearing conference, Administrative Law Judge Mark D. Eyster presided, Staff entered its appearance and no parties intervened.

4. Subsequent to the prehearing, the parties have entered into settlement discussions and, as a result, the parties agree as follows:

a. Proceedings in this GCR reconciliation were conducted in accordance with Act 304. The expenditures charged by NSP-W for the cost of gas supply during the 12-month period ending March 31, 2008, were reasonably and prudently incurred.

b. During the GCR period ending March 31, 2008, NSP-W over-recovered a net amount of \$120,239 inclusive of interest of \$40,434 from its Michigan gas customers, which also reflected the roll-in of the net over-recovery of \$356,077 from the previous GCR reconciliation. The parties agree that NSP-W will roll-in the net over-recovered amount of \$120,239 into NSP-W's current 2008-2009 GCR plan in accordance with its standard roll-in refund methodology approved in Case No. U-10491-R.

5. All of the signatories are of the opinion that this settlement agreement is reasonable and will aid in the expeditious conclusion of this case.

6. This settlement agreement is intended for a final disposition of this proceeding, and the parties join in respectfully requesting that the Commission grant prompt approval. Each signatory agrees not to appeal, challenge or contest the Commission's order accepting and approving this settlement agreement without modification. If the Commission does not accept the settlement agreement without modification, the agreement shall be withdrawn and shall not constitute any part of the record in this proceeding or be used for any other purpose whatsoever.

7. This settlement agreement and all offers of settlement and discussions are privileged and shall not be used in any manner, nor be admissible, for any other purpose in connection with this proceeding or any other proceeding hereof. The settlement agreement does not constitute a precedent in any other case or proceeding except as necessary to carry out its terms.

8. The parties agree to waive Section 81 of the Administrative Procedures Act of 1969, MCL 24.281, as it applies to this proceeding, if the Commission approves this settlement agreement without modification.
