NEW IFTA WEBSITE

The International Fuel Tax Association (IFTA) has a new website called IFTA, Inc. Information available includes the IFTA manuals, ballot proposals, and fuel, vehicle and mileage exemptions for each jurisdiction, tax rates, and any important notices from a jurisdiction. You will also find the various committees and their members, posted meeting minutes, and links to most of the individual jurisdiction web sites.

To visit the web site, go to www.iftach.org.

DISPLAYING USDOT NUMBER ON COMMERCIAL MOTOR VEHICLE

In accordance with Federal Motor Carrier Safety Regulations (FMCSR § 390.21(c)(1)), the display of a USDOT number on a commercial motor vehicle must “*appear on both sides of the self propelled CMV*”. Contrary to a recent newspaper publication, there is no new requirement to display this number “on the WINDOW of the vehicle as part of the Interstate Motor Carrier Identification Program.” This was verified by Lieutenant Charles Black of the Michigan State Police, Traffic Safety Division.

2010 UNIFIED CARRIER REGISTRATION (UCR) DELAYED

The Federal Motor Carrier Safety Administration (FMCSA) published a notice of proposed rulemaking to establish the annual Unified Carrier Registration Agreement (UCRA) fees for the 2010 UCR registration year.

Until these fees are set by FMCSA, there will be a delay in the 2010 UCR process. You will be notified as soon as the 2010 UCR is to commence.

**REMINDER OF
ALTERNATIVE OPTION:
HOW TO RECEIVE
THE BIWEEKLY
INFORMATION
BULLETIN BY
E-MAIL**

As technology changes our options often change. In keeping with these changes a new service has been developed which will enable us to send you your copy of the MPSC BiWeekly Information Bulletin via email. This service will provide a means through which carriers who utilize internet services will be able to have ready access to the Bulletin and reduce the amount of paper passing through their offices. In addition, we have often received phone calls from traffic and safety managers and other carrier personnel who have stated they don't see the Bulletin – the use of email transmissions will assist you in sharing Bulletin information throughout your operation.

We currently post a copy of each Bulletin on our website www.Michigan.gov/mpsc under the "Motor Carrier" menu selection, as a selection under the "Reports /Publications" heading. Both current and past issues may be viewed at this site.

Should you elect to enroll in the "Bulletin by Email" issuance program, the following information must be submitted for each account to which the Bulletin is to be sent:

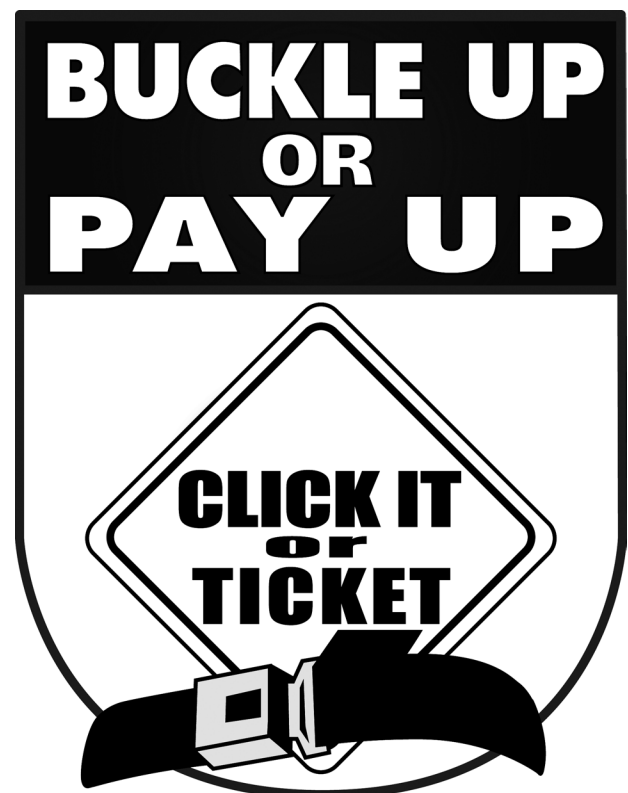

- **Carrier Information:**
 - Name
 - Address
 - MPSC#
 - MC# and US DOT# (if any)
- **Individual Information:**
 - Name
 - Position in carrier organization
 - Telephone
 - Email Address

Send your completed enrollment information, via email, to: mpsc_mcbulletin@michigan.gov. Upon receipt of your request, we will change your Bulletin subscription to an email transmission. You will continue to receive paper copies until your email listing has been activated.

**APPLICATION FOR
USDOT NUMBER
NOW AVAILABLE
ON-LINE**

The U.S. Department of Transportation, Federal Motor Carrier Safety Administration (FMCSA), now provides all motor carriers, interstate and intrastate, with the option of obtaining an assigned USDOT number online. Access to this service has recently been changed to www.safersys.org web site. This web site has step-by-step instruction to obtaining a USDOT number or updating an existing registration.

This service involves no fee and provides step-by-step explanation and guidance to complete registration. Upon completion of all requested information, carriers will be issued their unique USDOT number while on line. The screen displaying the assigned USDOT number should be printed and a copy retained in your file. A USDOT notification letter will be sent to you by mail.
